

Antibody Engineering & Therapeutics Europe

Antibody Engineering & Therapeutics Europe 2022

This list is for informational purposes only.

Company Name	Job Title
AbCheck s. r. o.	Managing Director
Absolute Antibody	Principal scientist
Abveris Antibody, a Division of Twist Bioscience	Senior Vice President of Operations
ADC Therapeutics	CEO, Co-Founder, and Director
Affimed	Head of Protein Expression and Cell Engineering
AgomAb Therapeutics	Chief Scientific Officer
Alchemab Therapeutics	Head of Phenotypic Screening
Alchemab Therapeutics	Chief Scientific Officer
Alchemab Therapeutics	Head of Technology
AlivaMab Discovery Services	VP of Antibody Engineering and Protein Science
Amgen	Scientist III, Discovery
Amunix Pharmaceuticals	Director, Protein Engineering
Antibody Analytics	Director of Marketing
Antibody Analytics	Chief Scientific Officer
Araris Biotech AG	Scientist
Argenx	Chief Scientific Officer
Argenx BV	Scientist
ATUM	Co-Founder & CCO
AUmc location VUmc – CCA	PhD student
AUmc location VUmc – CCA	PhD student
Autolus Ltd	Director
Avantor	T.A.M.
Bayer AG	Lab Head Portfolio & Assays
Bayero University	Professor of Infectious and Tropical Disease
BioArctic AB	Senior Scientist

Antibody Engineering & Therapeutics Europe

Biojic Design	Chief Executive Officer
BioMap Inc.	Investment Associate
BioNTech SE	scientist
BioNTech SE	PhD Student
Bioprocessing Technology Institute	Project Scientist
Biotage AB	Application Specialist Biomolecules Europe
BOKU	PhD Student
BOKU	PhD Student
BOKU	PhD Candidate
BOKU	Technician
BOKU University	PhD Student
Bramhill Biological Consulting, LLC	Consultant
CALIXAR	Senior Scientist Business Manager
Cancer Centre Amsterdam, Amsterdam	PhD-candidate
Cancer Research UK	Strategic Alliance Manager
Cancer Research UK AstraZeneca Antibody Alliance Laboratory	Senior Scientist
Carterra	
Cartesian Therapeutics	Co-Founder, CSO and Director
Celentyx Ltd	CTO
Charles River Laboratories	Director of Bioinformatics
Charles River Laboratories	European Senior Account Manager
Chiome Bioscience Inc	Scientist
Chungnam National University	Professor
Chungnam National University	Professor
Chungnam National University	MR
Cirion BioPharma Research Inc.	Vice President
Codex DNA	Senior Product Marketing Manager
Confo Therapeutics	Senior Scientist Molecular Engineering
Cornell University	William L. Lewis Professor of Engineering
Dartmouth College	Grad Student
EDDC	Research Fellow
ENPICOM	Team Lead Product Management
EpiVax	CEO

Antibody Engineering & Therapeutics Europe

EpiVax	Senior Business Development Associate
ETH Zurich	Postdoctoral Fellow, Laboratory of Sai Reddy
ETH Zürich	PhD Student
ETH-Zurich	Doctoral Student
evitria AG	Senior Project Manager
EVOTEC (France) SAS	Senior VP, Integrated Biologics Discovery
Experimental Drug Development Centre ARES	Research Associate
Experimental Drug Development Centre ARES	Senior Research Scientist
Faculdade de Medicina Veterinaria Universidade de Lisboa	PhD Student
Faculdade de Medicina Veterinária Universidade de Lisboa	PhD Student
FCFRP/USP	Postdoctoral researcher
Federal University of Roraima	Full Professor of Medical School
F-star Therapeutics	Chief Scientific Officer
Genmab	Principal Scientist
Genmab	Senior Associate
Genmab	Translational Research Lead
Genmab	Director Future Technologies
Genmab	Scientist
Genmab	Principal Research Associate
Genmab	Principal Scientist
Genmab	Senior Research Associate
Genmab	Scientific Project Lead, Translational Research
Genmab	Corporate VP Research and Innovation
Genmab B.V.	Associate Director, Translational Medicine Lead
GenScript	Product Manager, Protein and Antibody Purification Portfolio
Ghent University	Development engineer
GlaxoSmithKline	Antibody Engineer, Senior Scientist
GlaxoSmithKline	Scientific Leader and GSK Fellow
Harpoon Therapeutics	Senior Director, New Technologies
Hebrew University	PhD candidate
Heidelberg Pharma	Chief Business Officer
IBET	Senior Scientist
iBET	Scientist

Antibody Engineering & Therapeutics Europe

Ichnos Sciences	Senior Principal Scientist Display Technologies
Ichnos Sciences SA	Senior Investigator
Icosagen Cell Factory	Key Account and Tech Officer
Immunocore	Senior Scientist
Immunocore	Senior Scientist
Immunoprecise Antibodies	Dir Product Development
Institut Pasteur	Director, Unit of Antibodies in Therapy & Pathology
iOmx Therapeutics AG	Scientist Antibody Development
Janssen R&D	Senior Director Oncology, Global Head of Discovery Hematological Malignancies
Kangwon National University	Professor
Karolinska Institute	Assistant Professor
King's College London	Medical Geneticist
KTH Royal Institute of Technology	Researcher
Kyowa Kirin Co., Ltd.	Scientist
Kyowa Kirin Co.,Ltd.	Member
LAVA Therapeutics	Director Bioinformatics & Protein Engine
LAVA Therapeutics	Scientist
Lava Therapeutics	EVP, Head of R&D
Leiden University Medical Center	..
Light Chain Bioscience - NovImmune	
Liverpool School of Tropical Medicine	Director, Centre for Snakebite Research & Interven
Lonza	Business Development Manager
Lonza	BD Licensing
Lundbeck	Research Scientist
Lundbeck	Senior Scientist
Mabylon AG	Senior Scientist
Maxion Therapeutics	Chief Scientific Officer
Maxion Therapeutics	Department of Medicine, University of Cambridge and CEO
Maxwell Biosciences	CEO
McGill University	Distinguished James McGill Professor
Medicxi	Venture Advisor
Medicxi	Principal
Medix Biochemica Oy Ab	R&D Scientist

Antibody Engineering & Therapeutics Europe

Merck Biodevelopment	Business Development
Merus NV	Director
Merus NV	Scientist
Merus NV	Senior Scientist
Merus NV	Scientist
Merus NV	Scientist
Merus NV	Scientist
Molecular Partners	Principal Scientist
Molecular Partners	SVP, Oncology Research
Molecular Partners AG	Associate Director Oncology Research
MorphoSys AG	Associate Director
Mythic Therapeutics	Head of Biologics
Nabla Bio	CEO
NaturalAntibody	Chief Scientific Officer
Navinci Diagnostics AB	CEO
NB Health Laboratory Co Ltd	President
New York University School of Medicine	Professor of Biologics Design, Department of Biochemistry and Molecular Pharmacology
NIH/NIAMS	Research Fellow
NIH/NIAMS	Senior Investigator
Normandie University Rouen	Research Scientist
NYU School of Medicine	Research assistant professor
Octapharma Biopharmaceuticals GmbH	Group Manager Cell line Development
Octapharma Biopharmaceuticals GmbH	Scientist Formulation
OmniAb	Assistant Scientist
OmniAb	VP, Business Development and Strategy
OmniAb	VP, Operations
Orion Corp	Research Scientist
Oslo University Hospital, Rikshospitalet	Senior Scientist
Parallel Biosystems Inc.	CEO
PetMedix Ltd	Scientist
Pure Biologics SA	Head of Research Group
Regeneron	Staff Scientist

Antibody Engineering & Therapeutics Europe

RemeGen Biosciences	President
Revelar Biotherapeutics Inc	CSO
Roche	Principal Scientist and Lead
Rositys Limited	Director
RxBiologics Ltd	VP Discovery
Sanofi R&D	
Sanquin	Staff Member, Department of Immunopathology
SciLife lab, Kungliga Tekniska Hogs	Head of Unit
Selecta Bio	Director
Selexis SA	Business Development Manager
Siemens Healthcare Diagnostics Prod	Laboratory Head
Siemens Healthcare Diagnostics Products GmbH	Laboratory Head
simAbs NV	Head of R&D
SomaLogic, Inc.	Chief Science Officer
Specifica	Scientist
Specifica	Chief Scientific Officer
St. John's Institute of Dermatology	Research Associate
Synaffix	Scientist
Synaffix	senior scientist
Takis srl	
Technical University of Denmark	Professor, Tropical Pharmacology & Biotherapeutics
The Jackson Laboratory	Senior Analyst
The Jackson Laboratory	Director
The University of Oslo	Associate Professor for Computational and Systems
The Weizmann Institute	Associate Professor Department of Biomolecular Science
Thermo Fisher Scientific	Product specialist
Thermo Fisher Scientific	Senior Director, Strategy and Business Development
Tokyo Institute of Tech	Assistant Professor
Twist Bioscience	
Twist Bioscience	Staff Scientist in Antibody Engineering
Twist Bioscience	Chief Scientific Officer
UCL Cancer Institute	Professor of Molecular Medicine
UCL-GOS Institute of Child Health	NIHR Clinical Lecturer & GOSH Springboard Fellow

Antibody Engineering & Therapeutics Europe

UltraHuman	CSO
UltraHuman	CEO
UNC Chapel Hill	Professor of Neurology, Medicine and Allied Health
University of Birmingham	Professor
University of Cambridge	Postdoctoral Research Associate
University of Maastricht	Professor
University of Michigan	Albert M. Mattocks Professor, Departments of Pharmaceutical Sciences, Chemical Engineering and Biomedical Engineering
University of Pennsylvania	Seymour Gray Professor of Molecular Medicine, Perelman School of Medicine
University of Southampton	Professor and Director
University of Turku	PhD Student
University of Zurich	Professor and Director
Uppsala University	Professor, Dept. of Immunology, Genetics and
Uppsala University	Professor, Department of Immunology, Genetics
Utrecht University	Senior Scientist
VIB	Head of Discovery Sciences
Wellcome	Infectious Disease Research Lead, Antibo
