"BUILDEX pays off with excellent market exposure to architects and builders, and sales which can be directly attributed to contacts made at the show."

– April Keene, Trade Show & Events Manager, NanaWall

"BUILDEX provided us with some good sales leads, and ongoing partnerships. It's also opened up some A&D contacts as well. Each year we do an ROI on each trade show, so many have been dropped but we continue to participate in BUILDEX based on that value."

– Bruce Cook, Business Development Executive, Dyson Canada Ltd.

"They're all senior leaders in the construction industry so to get them in one place, at one time, in a social setting is a unique experience that isn't available any other way in the construction industry."

– Philip Hochstein, Independent Contractors and Businesses Association

"With the amount of industry people, this show attracts a targeted, laser focused buying group that you just don't get at other events."

– Darwin Ortis, Westeck Windows and Doors

"We achieved excellent results at BUILDEX. Through our keynote sponsorship we could drive additional traffic to our booths. Working with the western team for the BUILDEX shows has been a pleasure. They have provided us with several customized solutions that met our needs and provided excellent results. We've renewed our commitment to BUILDEX this year."

– Eric Yap, SVP Business Relations, Crawford Compliance

"BUILDEX has been the best way for us to meet as many people from the engineers and architects that specify the products to the installers and homeowners alike. Being a new business in Canada, it's important for us to get out there and that is what BUILDEX allows us to do. That is why we are coming back for our 4th year."

– Thomas Kirk, ROMEX

BUILDEX is one of the most diverse exhibitions that we go to. There is a broad range of vendors here, so we get a lot of exposure groups that we wouldn't normally see elsewhere."

– Corey Klimchuck, Pinchin Ltd.

"BUILDEX Vancouver has been one of those shows that has proven itself to be very successful for us; driving our business on the West Coast to become very, very successful."

– Peter Altobelli, YARDI
