Vancouver, BC - January 14, 2022 - The industry’s top experts and suppliers return to the [Vancouver Convention Centre, March 23 – 24, 2022](#). Participants will get an insider’s view of what is happening in Western Canada’s built environment through **panels, seminars and workshops** and gain access to leading exhibiting companies showcasing their **latest innovations and technologies**.

Health and safety are top priority and BUILDDEX Vancouver will be **organized in accordance with official government and local authority guidelines**, as well as any **venue or location specific regulations**. Informa has developed **industry wide AllSecure Standards** that will raise the bar on safety, hygiene, and high-quality event experiences. **Proof of vaccination is required for all attendees**.

“We’re providing a safe space where all members of the industry are welcome to do business together” says Lisa Barnes, Show Director. *“Safety, security and an open environment for staff, exhibitors and participants is our highest priority!”*

BUILDDEX Vancouver is Western Canada’s largest forum connecting the holistic building industry. Through **250+ exhibitors, installations, innovation showcases, demonstrations** participants can explore products, materials, technologies and services, and meet face-to-face with colleagues from **every corner of the building industry**. Show floor features include:

- **TECHCENTRIC supported by Yardi** – Emerging technology start-ups and internationally renowned software providers.
- **BUILDDEX ConTech Hardware Innovation Showcase, supported by SCIUS Advisory** – New-to-market construction hardware solutions cross examined by industry experts.
- **BUILDDEX ConTech Software Innovation Showcase, supported by CanBIM** – New construction software platforms and solutions with commentary from respected industry peers.
- **Passive House Canada Pavilion** – The home of high-performance building materials, products, and systems at BUILDDEX.

-more-

- **PAMA – Educational Conference Stream, Networking Area & Member Luncheon** - Insight, learnings and services for professional strata and rental property managers.
- **BC Wood Pavilion** – Locally sourced and produced Wood Products from BC's top manufacturers and suppliers.
- **BUILDEX Main Stage** – The grandstand for big names and big conversations.
- **Unbuilders x MGA** – A collaboration creating a visual and experiential display that confronts construction and demolition waste and explores the circular economy.
- **Central Bar, by Cosentino** – Mix and network in the heart of the show

“BC’s building industry is currently tackling significant challenges and opportunities: Increasing building performance, reducing embodied carbon, improving individual and community wellbeing, adopting technology, and solving a construction workforce crisis.” says James Wyatt, Program Manager. *“So, the educational conference program focusses on three key themes this year: Future Work, Carbon Reduction & Wellbeing, and Digitization & Industrialization.”*

150+ industry's leading experts will provide insight and information on what’s happening in the building industry through **65+ seminars, panels, keynotes, workshops and demonstrations** across **10 conference streams** and **3 key themes focused on Future Work, Carbon Reduction & Well-Being and Digitization & Industrialization**. Educational highlights:

- **Reams of new programming** – Created through 100s of hours research with industry contacts and curated specifically to address the issues affecting today’s built environment.
- **BUILDEX Construction Keynote: Solving BC’s Skilled Labour Shortage** – Discussing what BC’s construction workforce needs to look like by 2030 and the initiatives and investment needed to get there.
- **BUILDEX Interior Design Keynote: In Conversation with...** – Join three young and exciting interior designers for a tour of their work, inspiration and new pandemic-induced realities.
- **Passive House Canada’s B to Z Learning Hub:** 8 thought-provoking and engaging sessions covering climate policy, building electrification, large building airtightness testing and industry learnings.
- **Free educational content on the BUILDEX tradeshow floor** – Hard hitting sessions from industry leaders and modernizers addressing new leadership dilemmas, opioid hard reduction, and accelerating innovation in the built environment.

Select seminars and workshops from across the educational program are **accredited for continuing education credits by AIBC, IDCEC, BC Housing and Passive House International**.
