

## **Farm to Fork Europe | 16-17 June 2020 | Hilton Athens, Greece**

This June, EBIC and New Ag International partner for an event like no other. Inspired by a shared goal: to be catalysts for ever more sustainable agricultural solutions, we are providing an interactive environment to build a sustainable food chain that consumers desire, businesses can deliver, and regulators approve. Explore investment opportunities, rethink innovation, discuss food retail and address climate-smart technology through a broad range of economic, political, social and environmental views. Find out more at <https://informaconnect.com/farm-to-fork/>
