A NEW ERA OF BOARD EXCELLENCE **ARE YOU ON BOARD?**

2 November 2018 | The Hamilton Princess, Bermuda

Developing higher performing boards

An IoD Bermuda Branch event

THE EVENT'S OBJECTIVE

The IoD supports existing and aspiring business leaders to adopt good corporate governance principles and practices through world class professional development programmes specifically designed around professional competencies. We are at the forefront of delivering leading edge practices which enhance directors' knowledge, skills and mindsets and inspire the development of the most effective and sustainable boards.

This conference is designed to deliver thought leadership on topical issues impacting independent directors and the board. Aspiring directors will gain insight into current governance issues. The conference will also present solutions to business challenges and provide a platform for business leaders to share ideas and experiences that will enhance future boardroom discussions and decisions.

The content of this conference is designed to help raise the bar and assist companies in driving successful strategy by developing and shaping a new era of Directors into the most efficient Boards that companies have seen to date.

Set in the beautiful location of Bermuda, this conference will demonstrate the jurisdiction's position as a leading global player in corporate governance and is suitable for local and international delegates.

WHAT WILL WE COVER?

Board service is dynamic, it requires the full engagement of directors who are collectively responsible for the long-term success of the companies they serve. The content of this conference will be structured around topical issues that high performing boards must understand, assess for impact, apply for success and monitor for performance and compliance.

Conference sessions will examine:

- **Current governance trends;**
- **The role of the Board during a crisis;**
- **Technology – a key business tool that requires specialist representation in the boardroom;**
- **The Board's role in risk management oversight and innovation;**
- **The impact of evolving compliance standards on board discussions;**
- **The Board's role in developing corporate cultures that encourage diversity, inclusion and safe environments for employees;**
- **Sustainability, Corporate Social Responsibility and the Board!**

At its core, the goal of this event is to stand at the edge of a new era of business excellence in Board Governance and all this encompasses.
