# Welcome

## A message from the organiser...

*A very warm welcome to beautiful Lisbon!*

*We're delighted that you're joining us for the 12th edition of the LSX World Congress Europe! After 11 years in London, we've decided to take the conference 'on the road' for the first time in 2026 and the wonderful City of Lisbon provides a fantastic backdrop for 3 days of partnering, networking and insight.*

*LSX Europe is part of a City co-location with our sister event, BIO Europe Spring. These two events form part of Spring Innovation Week which has combined to bring nearly 5,000 biotechs, medtechs, investors and pharma to Lisbon this year. Combining these two events in one week has created a genuine epicentre event and the biggest opportunity for investment and dealmaking in Europe in the first half of the year.*

*We're proud to say that over the last 2 years, **33% of all deals done in the European life science sector have been done by companies attending LSX Europe and BIO Europe Spring.** Those companies have represented over **51% of total capital raised since 2023.** Spring Innovation Week and LSX Europe is where deals happen and money gets allocated.*

*If you haven't done so already, make sure you take advantage of our PartneringOne system to book in as many meetings as possible. And there are plenty of informal meeting and networking opportunities across the week, as well as a world-class programme of content and speakers.*

*Enjoy the conference and I sincerely hope your stay in Lisbon is a valuable one.*

*Kind regards,*

*Matthew Pullan  
Managing Director  
Informa/LSX*

# About LSX Europe

LSX World Europe (LSX Europe) is a leading life science fundraising and investment event. Bringing together decision-makers from across biotech, medtech, pharmatech, and the investment community, the congress serves as a key meeting point for those shaping the future of healthcare innovation.

## Who Attends?

- **CEOs and founders** of innovative life science companies
- **Global pharmaceutical executives**
- Venture capital and private equity **investors**
- **R&D leaders**
- Strategic **business development** teams
- **Industry experts and advisors**

These high-level discussions and curated networking opportunities make the congress one of Europe's most influential life science gatherings.

# What to expect:

The event is designed to maximise knowledge sharing, deal-making and meaningful connections.

## Partnering meetings

A core feature of the congress is the 1-to-1 partnering platform, allowing attendees to schedule meetings with investors, biotech leaders and strategic partners.

## Conference sessions

The congress programme features keynote presentations, panel discussions, and company showcases covering the latest developments in biotech, medtech, investment, and pharmatech innovation.

## Company showcases

Innovative companies present their technologies and business strategies to potential investors and partners.

## Networking Opportunities

Build relationships throughout the event via:

- Networking receptions
- Coffee breaks
- Informal discussion areas
- Investor lounges

Registrations

# Key themes:

Sessions at LSX World Congress Europe explore the most important trends shaping the future of life sciences.

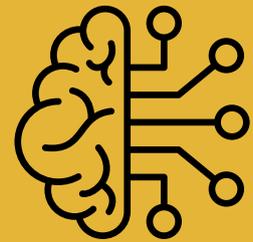

## Biotech Investment Trends

How global capital is shaping the next generation of biotech companies.

## Medtech Innovation

New technologies transforming diagnostics, devices and patient care.

## Artificial Intelligence in Healthcare

The role of AI and data in accelerating drug discovery and clinical development.

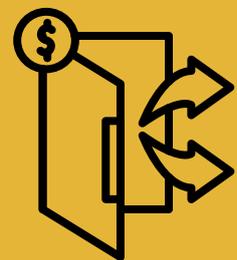

## Strategic Partnerships & Licensing

How biotech companies and pharmaceutical partners collaborate to bring innovations to market.

## Scaling Life Science Companies

Strategies for growth, global expansion and operational success.

## Exit Strategies & IPOs

Insights into public markets, acquisitions and long-term investment outcomes.

# Meet the speakers:

Gain insights from some of the most influential voices across the global life sciences ecosystem. Our featured speakers include visionary CEOs, leading investors, and industry experts who are shaping the future of biotech, medtech and healthcare innovation.

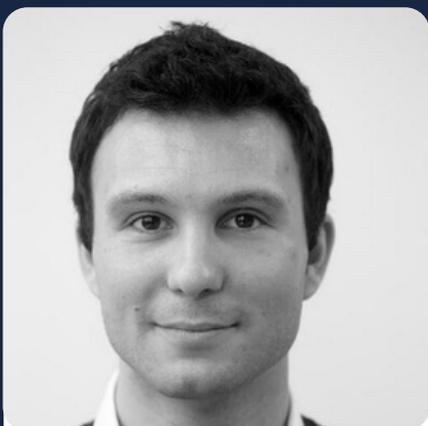

**Alex Zhavoronkov**  
CEO, Insilico Medicine

**Carlos Buesa**  
CEO, Oryzon Genomics

**Carla Goulart Peron**  
Chief Medical Officer, Philips

**Giovanni Mariggi**  
Partner, Medicxi

**Ana Slipicevic**  
CEO, One-Carbon Therapeutics

**Esmeralda Megally**  
CEO & Co-Founder, Xsensio

# Sessions you can't miss:

Sessions at LSX World Congress Europe explore the most important trends shaping the future of life sciences.

## INVESTMENT, INNOVATION, AND INFLUENCE: REIMAGINING EUROPE'S ROLE IN GLOBAL LIFE SCIENCES

A high-level overview of the trends shaping the future of the industry.

## THE CURRENT STATE OF BIOTECH INVESTING: WHERE IS SMART MONEY FLOWING IN 2026?

Insights into current funding trends and what investors are looking for.

## AI INTEGRATION BEYOND THE TECHNOLOGY: HOW STRUCTURE AND BEHAVIOUR POWER AI SUCCESS

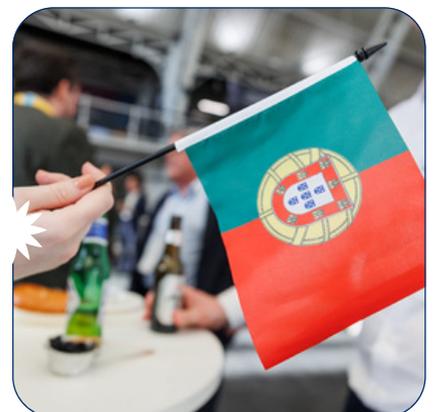

How AI is being applied to accelerate drug development.

## BUILDING NEW BRIDGES: CREATING WIN-WIN COLLABORATIONS IN PHARMATECH

Best practices for forming and scaling successful collaborations.

## THE ART OF THE PITCH: COMMUNICATING COMMERCIAL POTENTIAL TO INVESTORS

This dynamic panel explores how early-stage biotechs can craft compelling market narratives alongside their scientific breakthroughs.

# We Can't Wait to See You in Lisbon!

Thank you for being part of LSX World Congress Europe!

We look forward to welcoming you to Lisbon for two days of insight, innovation and meaningful connections.

Whether you're here to build partnerships, explore new opportunities or gain fresh perspectives, we hope this experience proves both valuable and inspiring.

Make the most of every moment, connect, collaborate and discover what's next for the future of life sciences.

Safe travels, and we'll see you in Lisbon.
