An intelligent data platform powered by Preqin to enhance attendee data at SuperReturn events.

Benefits

Attendee List Integration

The event attendee list will be uploaded to the InvestorInsights platform and overlaid with Preqin data. Allowing sponsors to navigate and filter by investment interests.

Time-Saving Features

The platform's advanced filtering tools and automated notifications significantly reduce the time required to identify and connect with ideal investors.

Enhanced Insights

Overlaying the attendee list with Preqin data transforms it into a rich resource, providing detailed insights such as investor type, investment strategy, AUM, region and more.

Early Access Options

Sponsors can access the platform from five weeks prior to the event. For those looking to gain a competitive edge, an option is available to access the platform as early as eight weeks before the event.
