## STEP 2 – FIND YOUR BOOTH

Click on the **“Exhibit Hall”** to see a list of all sponsors and partners. *The navigation could vary each event*

Search for your company name

Click on **“Showcase”** to access the booth.

The screenshot shows the 'Exhibit Hall' section of the Informa Connect website. The top navigation bar has links for 'Home', 'My Event', 'Attendees', and 'Exhibit Hall'. The 'Exhibit Hall' link is highlighted with a red box. On the left, there is a 'Filters' sidebar. Under the 'Name' section, there is a search bar with a magnifying glass icon and the word 'Search' inside it, which is also highlighted with a red box. Below the search bar, there is an 'Interests' section with a checked box next to 'All'. The main content area is titled 'Sponsors' and displays a grid of six sponsor cards. Each card has a logo at the top, the company name in the middle, and a 'Showcase' button at the bottom. The 'Showcase' button for the 'Informa' card is highlighted with a red box. The sponsors listed are Informa, Marriott, Hilton, IHG Resorts, Visit St Pete, and Array.

# Lead Retrieval

# LEAD RETRIEVAL – HOW TO SETUP, SCAN AND COLLECT LEADS ONSITE

1. On your mobile device, please download the ConnectMe app. To find it in the App Store / Google Play, please search [‘ConnectMe by Informa’](#).
2. Once downloaded, please enter the event code: **IMI2024**
3. Enter your email address used to register for the conference, to which you will receive a 4-digit pin to login

If you do not receive a 4-digit pin, please email [annjolynn.cales@informa.com](mailto:annjolynn.cales@informa.com).

# LEAD RETRIEVAL

4. Once entered, please select the TMRE event to enter. The dashboard on the right should appear and you will have the **Lead Retrieval** button which will take you to the lead scanning page.

*If you do not see this button on your screen, please contact [sydney.atendido@informa.com](mailto:sydney.atendido@informa.com)*

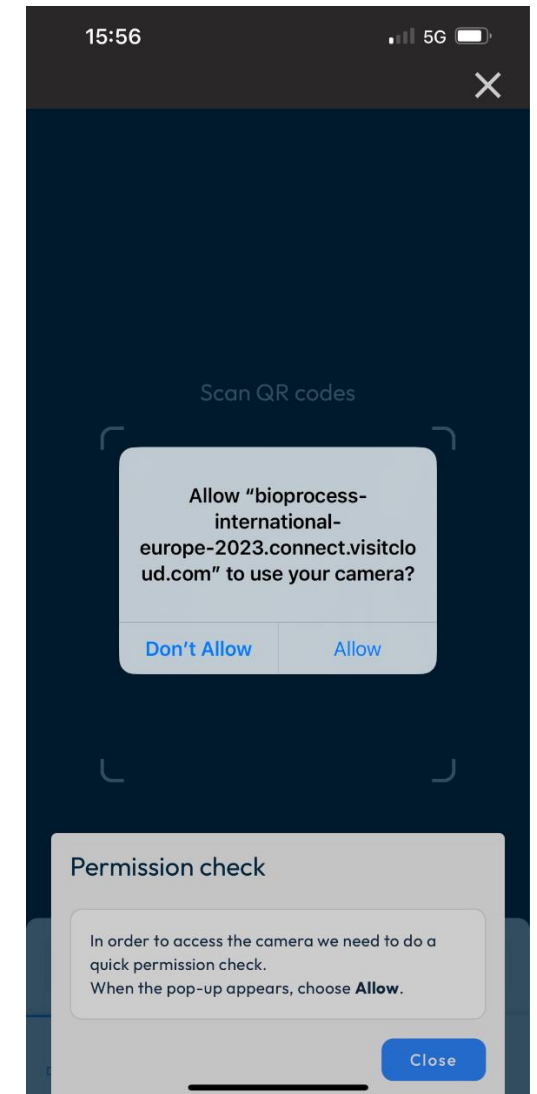

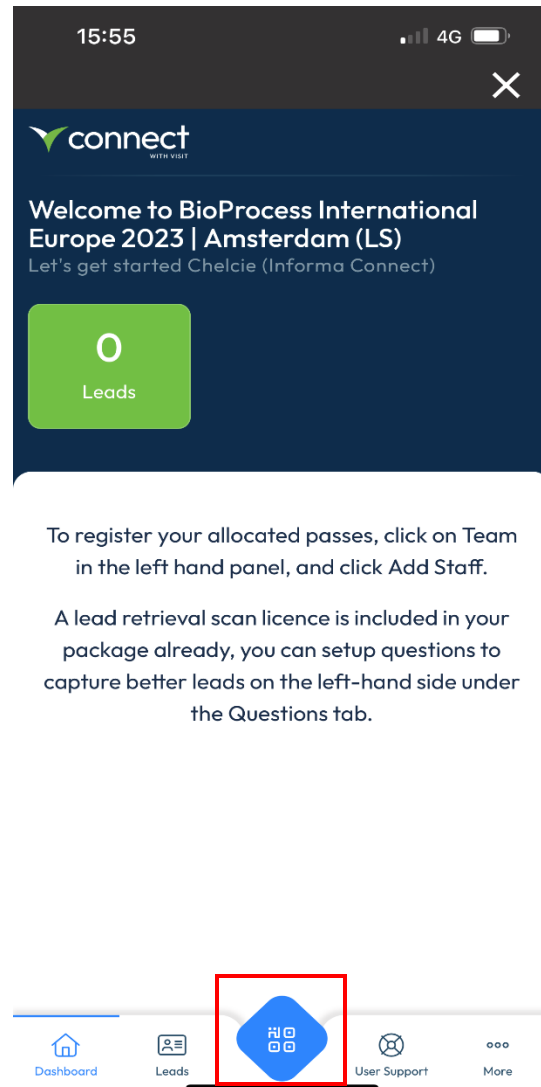

# LEAD RETRIEVAL

5. This takes you to the partner portal for capturing leads. To begin scanning click the blue button at the bottom of your screen.

6. Make sure your camera permissions are set to "allowed" in order to scan.

*If you do not see this button on your screen, please contact [annjolynn.cales@informa.com](mailto:annjolynn.cales@informa.com)*

# FAQ -LEAD RETRIEVAL

## PRE-EVENT

### **How do I setup my team so that they have access to capture leads?**

As the main contact for your team, login to the *VISIT Connect* portal link sent to you by your operations manager to register your allocated passes for the event. Go to TEAM on the left-hand side navigation bar, and then select *Add Staff*. Once your team has been entered, they will be automatically setup with access to lead retrieval.

### **Can I setup custom questions?**

Yes – your company's main contact person can set these for your team via the *VISIT Connect* portal under *Questions*.

### **How many custom questions can we have?**

You can have an unlimited amount.

### **Is there a character limit for the questions I set?**

There is a 100-character maximum for questions (including spaces).

### **When is the deadline for customizing questions?**

There is no deadline, you can keep updating questions right up until the event.

### **Is it possible to get a developer's kit so that we can use our own lead retrieval system?**

No, it is not possible. Lead retrieval for this event can only be used via the system provided through the *ConnectMe* app. You cannot scan badges with another program.

### **I want to stop my colleagues attending from downloading leads. Is this possible?**

Yes, in your *Visit Connect* portal, go to TEAM on the left-hand side. Hover your mouse over the attendee whose permission you would like to change and select the *Edit* icon on the right-hand side. From here, you can change whether that person can: capture leads, export leads, show all leads or have admin permissions.

### **What does "admin" permission mean?**

An Admin user will have access to dashboard, users, profile questions, leads and agenda. This included managing registration and downloading the team's leads.

# FAQ-LEAD RETRIEVAL

## DURING THE EVENT

### How do I access the lead scanner?

Download *ConnectMe by Informa* via your smart-device's app store.

### What is the event code for the *ConnectMe* App?

IMI2024

### How do I login to the app?

Enter the email address that was used to register for the event.

### How do I scan badges with the *ConnectMe* App?

Once logged in, on your dashboard you should see a *Lead Retrieval* button. Click this to begin scanning badges. If you do not see this button, please visit the helpdesk at registration.

### Are the leads GDPR compliant?

All attendees are asked an explicit opt-in consent statement as a required stage of the delegate badge process. Please see example [here](#). If your company requires a specific question to be asked, the easiest way of capturing this would be to create a custom question at setup.

### Does lead scanning work if there is no internet connection?

Yes, you can still scan badges. The app will synchronise the missing information as soon as you reconnect to the internet. There will be event WiFi available to all attendees.

### Can I see the leads I've scanned in real-time?

Yes, all the leads you have scanned will show on the lead retrieval dashboard. From there, you can export these leads straight away.

### Can I see a consolidated list of leads scanned by my team?

Yes, on the VISIT by GES pass registration portal under *Leads*, you can view and export your team's scanned leads. This will show which colleague scanned which delegate line by line.

### Can I give permission to my colleagues to view and export all the leads on their devices?

Yes. As an admin user, you can click on the homepage > Team and see all the colleagues who are using Visit Connect. In the Permissions column, there are shown the 4 types of access:

- Admin permissions – in this case, the user becomes an admin user
- Show all leads – the user will be able to see the leads captured by other team members
- Allow capture leads – this option is already enabled when a user is registered
- When enabled, the user can export the leads

### Require help onsite?

Visit the Helpdesk at registration for all Lead Retrieval Support.

# FAQ -LEAD RETRIEVAL

## POST EVENT

### **Where can I find my leads post-event?**

By accessing VISIT Connect from a desktop, you can export a .csv file of all the leads scanned by your team, including any notes that were made. Your main contact from each company can do this.

### **Will the leads I scanned be sent to me?**

All leads captured both from your onsite scans and onsite & digital engagement will be processed and consolidated into your ALCHEMY Lead Report, which will be sent to you directly. If you have any questions, contact [Holly McAllister](#).

### **What is ALCHEMY?**

Your dashboard contains all your event lead data in a single view. You will receive an email from Holly McAllister via SmartSheet with directions on how to access your data. Your dashboard will continue to be updated after the event – all accessible through the same login credentials. You can then feel free to share your unique login credentials with anyone from your team. For any questions related to your lead data, contact [Sofia Munoz](#).

### **How do I use the ALCHEMY dashboard?**

Please click the link [here](#) to view an example of the Alchemy Dashboard.

### **I can't see the notes my team made in my ALCHEMY dashboard?**

Your booth scan notes and answers can be found on the *VISIT Connect* portal by navigating to “Leads” on the left-hand side navigation bar and clicking “Export.”

This data is also available within your ALCHEMY report under 'My Leads' and clicking the lead name. For any questions related to your lead data, contact [Holly McAllister](#).

# Your Lead Insights Dashboard

## Access your Lead data

### Lead Data Details

Your dashboard contains all your event lead data in a single view. You will receive an email from Holly McAllister ([holly.mcallister@informa.com](mailto:holly.mcallister@informa.com)) with login credentials and instructions to enable access to your company's lead data dashboard. Data delivery timing varies by event so contact Holly or your account manager to find out when your dashboard will become available.

Keep in mind that your company's primary contact also has real-time access to your raw scan data if exported directly from the VISIT platform, which is the only way to access your booth notes. For questions on this contact Sydney Atendido ([sydney.atendido@informa.com](mailto:sydney.atendido@informa.com)).

| Session Attend - F2F | Luncheon Presentation: Leveraging modular single-use bioreactor systems with harmonized automation platform to optimize seed train operations in commercial biomanufacturing | 102             |
| Session Attend - F2F | Cell Line Development Tools For Rapid Prototyping of Intensified Bioprocesses  | 61              |
| Session Attend - F2F | Innovative and Scalable Transient Transfection Processes for GMP Manufacture of AAV and LV   | 58              |
| Session Attend - F2F | Rapid Analysis of AAV Viral Titer, Infectivity and Characterization  | 55              |
| Session Attend - F2F | The Leap-In Transposase Platform: Past, Present and Future   | 52              |
| Session Attend - F2F | Effective Cell Line Development: Reducing Risk, Decreasing Timelines, and Optimizing Outcomes  | 48              |
| Session Attend - F2F | Scaling viral vector production processes into HyPerforma DynaDrive Single-Use Bioreactors   | 43              |
| Session Attend - F2F | In-line and real-time monitoring of critical process parameters and quality attributes in CHO cell perfusion cultures using Raman spectroscopy                               | 43              |
| Session Attend - F2F | Applications of ISO Cell Counting Standards to Improve the Quality of Cell Counting in Cell and Gene Therapy   | 41              |
| Session Attend - F2F | Bring Product Quality Assessment into Early Clone Selection with Opto Cell Line Development  | 40              |

### CONFERENCE APP

- Access lead retrieval to scan attendee badges\*
- View attendee directory
- Send direct messages and meeting invitations
- Set up and view virtual exhibit booths
- Access event content agenda
- Stream live (hybrid events) and on-demand sessions
- Scan exhibit booth QR codes

#### **Who has access?** **Sponsors, speakers and all attendees**

*Download the app  
Enter App code: LS2024  
(Event registration required to use conference app)*

*\*All sponsor team members should see a "Lead Retrieval" button on the home screen of the ConnectMe app.*

#### *Key Support Contact* **Digital Event Ops**

### REGISTRATION SYSTEM

- Register staff with contracted complimentary event passes
- Access all badge scan data captured by your team
- View badge scan notes
- Set up custom badge scan questions

#### **Who has access?** **Sponsor's main contact only** *Your main contact will receive pre-event access via email to set up your team registration and lead retrieval*

#### *Key Support Contact* **Exhibitor Ops**

### LEAD REPORTING & ANALYTICS

#### **Lead!nsights**

- Access all your event leads, including session attendance, booth/badge scans, scan notes, virtual booth visits, and more
- View individuals/companies that are most engaged with your company
- Export your full event lead data
- Lead data is updated throughout event

#### **Who has access?** **Contract signer and main contact** *You'll receive an email pre-event with access to your account, and you can extend access to colleagues. If you have questions about your lead data or access, please contact us.*

#### *Key Support Contact* **Lead Data Delivery**
